## Size does Matter- TREES ARE BIG

Choose tree sizes that are appropriate for the scale you are working in. Different size trees can be put on one model in one scale. For that reason, we do not label scales on our trees. Example: a 4" tree would be: 8' in 1:24 16' in 1:48 28' in HO and 52' in N scale.

**Ash trees** – Rich green foliage with textured trunk.
